SI DIVENTA GRANDI GRAZIE AI SOGNI

YOU GROW UP THANKS TO YOUR DREAMS

MARCHETTI è un'azienda che da più di quarant'anni fa dello stile la sua profonda ragion d'essere, fondendolo con vigore e maestria allo spirito manifatturiero che da sempre contraddistingue la famiglia e la sua storia. Una storia italiana raccontata da chi crede fermamente nel Made in Italy come valore imprescindibile della qualità e dell'eleganza. Ed è per questo che MARCHETTI si rivolge ai mercati europei e mondiali presentandosi con progetti inediti, pensati per essere facilmente customizzati su richiesta del cliente, ma che non tradiscono l'antica maestria artigiana e la cura dei dettagli.

For over forty years MARCHETTI has been making of style its reason for being. MARCHETTI has been skilfully merging style with the entrepreneurial spirit that has always marked the family and its story. An Italian story told by those who firmly believe in Made in Italy as a key value of quality and elegance. That's the reason why MARCHETTI calls on European and world markets arising with new projects, designed to be easily customized on request, without betraying the ancient craftsmanship and the attention to details.

LA QUOTIDIANITÀ SENZA TEMPO

Il Gruppo FALA è stato fondato nel 1972 dal Presidente Sergio Marchetti. Nel corso di una lunga e veramente fortunata attività in tutti i mercati mondiali, ha sviluppato diversi brand, ciascuno distinto dall'altro in termini organizzativi, stile dei prodotti, ricerca e sviluppo, ma tutti integrati nello scopo di completare un'offerta di servizi di illuminazione decorativa ed architettuale. Il brand specializzato nella produzione di corpi illuminanti custom di ogni forma e dimensione, ma specialmente nelle dimensioni eccezionali per progetti Contract di prestigio, senza preclusione alcuna: metallo, vetro artistico, cristallo di vario genere, materiali plastici e manufatti in tessuto.

Fare contract significa poter fare sperimentazioni su grande scala, tenere in considerazione tutti gli aspetti del progetto: dal primo abbozzo dell'idea, fino alla manutenzione del prodotto finito, ma significa anche mettersi alla prova per trovare soluzioni che possano poi essere trasferite dai macro-ambienti alle case, dalle realtà aziendali agli spazi più intimi.

Da sempre presente nel mercato del Medio-Estremo Oriente, nel corso degli ultimi 20 anni l'azienda ha aperto e sviluppato con successo mercati esteri nel resto del mondo, sempre rispondendo alle specifiche esigenze di certificazione e conformità dei prodotti. Con la sua esperienza e grazie alle sue caratteristiche l'azienda è garanzia di qualità, velocità, efficienza, discrezione e precisione.

TIMELESS DAILY LIFE

The Fala Group companies were started by its current President Sergio Marchetti in 1972. During its long and lucky operation in many world markets it has developed a number of brands each one different from the others in the group for its individual organization, style of products, research and development, but are integrated in offering a complete selection of services and products destined for a decorative and architectural lighting market. The brand specialized in the production of custom lighting bodies with varied shapes and dimensions, and in particular in large dimensions for prestigious contract products with no preclusion as regarding to products used, be it metal, artistic glass and other types of glass and crystal, plastic materials and hand made textiles. To produce items destined for the contract market, means to experiment on a wide scale, taking into consideration all the aspects of the project one is working on from the beginning of its idea to the finished product, however it also means to test oneself in order to find solutions that can be applied both in large environments and in the home, in businesses as well as in intimate spaces. We have been present on the Middle and Far East markets since we started and in the last 20 years company have been able to develop other markets worldwide always being careful to fulfill the requests of certification and conformity requested for specific products. With its experience and thank to its peculiarities the company is able to guarantee quality, speed, efficiency discretion and precision.

ARTIGIANATO E TECNOLOGIA CRAFTSMANSHIP AND TECHNOLOGY

Da sempre in azienda il legame tra design e alto artigianato viene portato avanti con la massima coerenza per ottenere risultati di rilievo, avendo cura che anche i materiali più nuovi siano lavorati con la stessa attenzione riservata al “fatto a mano”, grazie alle eccellenti maestranze che hanno, nel corso degli anni, sviluppato un DNA di primaria abilità per ogni specifica lavorazione.

Always in the company the link between design and the high level of artisan production is being carried out with the highest consistency to obtain significant results, making sure that even the newest materials are worked with the same level of care and attention reserved to hand made products thanks to workers who have developed in the course of time the ability to adapt the same high principals to each specific production.
